Annual Bonus

Every financial year, a Member of the Management Board may be awarded an Annual Bonus. The Annual Bonus is granted on the basis of a bonus plan for a given Management Board Member, adopted under a resolution of the Supervisory Board for a given financial year ("**Annual Bonus Plan**"). When establishing the Annual Bonus Plan, the Supervisory Board lays down bonus parameters and parameter weights. The Annual Bonus may only be granted if the Management Board Member meets the loyalty criterion on the terms set forth in the contract with the Management Board Member.

- b) The Basic Level is triggered once the target value is reached, that is the Company's annual consolidated gross profit before tax at the level specified in the Company budget approved by the Supervisory Board ("**Basic Target**");
- c) the amount of the Annual Bonus at the Basic Level depends on the degree to which the Basic Target was achieved;
- d) The Advanced Level is triggered only if:
 - i. the Basic Target is achieved to the extent specified in the agreement with the Management Board Member; and
 - ii. at least one of the Optional Parameter targets is achieved;
- e) at the Advanced Level, the amount of the Annual Bonus is calculated as the total of the results achieved for each of the Advanced Level parameters multiplied by the weight assigned to each parameter, plus the result achieved at the Basic Level.

The Annual Bonus Program for Management Board Members who did not serve on the date of Resolution No. 1 of the Supervisory Board of BIOTON S.A. of 22 September 2020 specifying the remuneration policy with regard to fees of Management Board Members has been, is and will be carried out on the following rules:

 - ii. advanced level determined by one fixed parameter, i.e. the Company's annual consolidated gross profit before tax ("**Standard Parameter**") and up to three optional parameters that are defined for each year during preparation of the Company budget approved by the Supervisory Board ("**Optional Parameters**") ("**Advanced Level Model I**"), or
 - iii. advanced level determined by special parameters related to performance of designated tasks or designated financial or economic parameters ("**Advanced Level Model II**");

- undertaking activities within the Company's sphere of influence with regard to supporting local institutions and people, cooperation with local organizations, children and youth programs.

Description of Variable Remuneration Components of Supervisory Board Members

Members of the Supervisory Board serve by appointment and are solely entitled to remuneration on that account.

Members of the Supervisory Board are appointed by the Ordinary General Meeting for a joint term of office of three years, unless the current version of the Articles of Association provides otherwise.

The remuneration of a Supervisory Board Member is not awarded in the form of financial instruments or non-cash benefits, except for tools and technical devices necessary to perform duties within the scope of service at the Company.

A resolution of the Ordinary General Meeting may provide that a member of the Supervisory Board is entitled to a monthly flat rate remuneration of a certain amount, regardless of the number of Supervisory Board meetings attended by the Supervisory Board member. Depending on the capacity served, in particular that of chairman of the Supervisory Board or of a Supervisory Board committee, taking into account the scope of responsibilities entrusted, the monthly remuneration of the Supervisory Board member may be increased by the amount stated in the Ordinary General Meeting resolution. For the period in which the Person Covered by the Remuneration Policy is suspended in serving at the Company, the Person Covered by the Policy

is not entitled to remuneration. The remuneration of a Supervisory Board member is prorated to the number of days served on the Supervisory Board, if the appointment or recall occurs in the course of a calendar month.

The remuneration of a Supervisory Board member is not tied to the Company's performance, unless the Ordinary General Meeting adopts a resolution granting a Supervisory Board member the right to share in the Company's profit for a given financial year, intended for distribution among Company shareholders in accordance with Article 347 § 1 of the Commercial Companies Code.

No variable components have been paid to members of the Supervisory Board.
